Grayne's natural look is not only striking, it is also **One-of-a-kind**

Grayne's 7.5" Red Cedar Shingle offers the charm of natural cedar with none of the maintenance. The shingle's graining patterns create natural depth and shadows for a striking on-house appearance. Grayne's sharp, crisp edges and dual offset installation provide the most authentic look possible, from up close and from the curb.

Its absolute color technology recreates the color differentiation found only in natural cedar shingles. It's the perfect high-end, low-maintenance solution for any homeowner.

Find the Perfect Match for your project.

What makes natural cedar shingles so striking is the color variance found in the woodgrain. That's why Grayne offers six warm and welcoming cedar colors that have light and dark points like cedar found in nature. Ranging from stained looks to aged cedar, it's easy to find the perfect match for any project.

Don't see a color you are looking for? Customize with your favorite color by using Grayne's paintable shingle.

PAINT READY
for your project

Grayne Paintable shingle allows for superior paint adhesion with its innovative proprietary surface treatment. Made from a rigid PVC composite which is impervious to moisture, it is a great choice for any homeowner's custom color choice.

AUTHENTIC
Keyways

Climate conditions can affect natural cedar to show signs of cupping and curling due to inadequate joint/keyway spacing and expansion/contraction. With Grayne 7.5" shingle there is none of that, deep keyways create pronounced shadows that ensure a lasting true cedar look on your home.
